## **About the RQF**

The RQF provides a single, simple system for cataloguing all qualifications regulated by Ofqual. Qualifications are indexed by their level and size.

Levels indicate the difficulty and complexity of the knowledge and skills associated with any qualification. There are eight levels supported by three “entry levels”.

Size refers to the estimated total amount of time it could typically take to study and be assessed for a qualification. Size is expressed in term of Total Qualification Time (TQT). The part of the TQT spent being taught or supervised is known as Guided Learning Hours (GLH).

### **Guided Learning Hours (GLH)**

Guided Learning Hours are defined as the number of hours of supervised or directed study time required for a unit or a qualification.

### **Total Qualification Time (TQT)**

Total qualification time is defined as the number of guided learning hours (GLH) plus the time taken by the learner for private study or work experience.

### **Entry requirements**

There are no entry requirements for this qualification.

### **Reasonable Adjustment and Special Considerations**

Assessment for this qualification is designed to be accessible and inclusive. The assessment methodology is appropriate and rigorous for individuals or groups of learners.

If you have learners with particular needs you should refer to the [Reasonable Adjustment and Special Considerations Policy](#). This policy gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty without compromising the achievement of the assessment criteria.

## Assessment

Assessment for this qualification is by portfolio. The assessment process is as follows:

- All assessments are internally set at the centre by assessors ensuring all the requirements detailed in the assessment criteria of each unit will be met They are then approved by the Internal Quality Assurer (IQA).
- The learners are assessed internally at the centre, using the assessments set.
- The resulting portfolios of assessed evidence are internally quality assured by an Internal Quality Assurer (IQA) at the centre.
- The portfolios of assessed evidence are externally quality assured by an Open College Network West Midlands Quality Adviser (QA) or EQA., For Centres with Direct Claims Status, an Internal Quality Assurer (IQA) approved by Open College Network West Midlands may quality assure instead of the EQA.

When devising assessments, centres may choose from a range of assessment methods but where assessment guidance is provided within a unit this must be adhered to unless otherwise agreed with the External Quality Assurer (EQA).

Assessment methods must be valid, fair, reliable and safe leading to authentic, sufficient and current evidence produced by the candidate.

Holistic assessment is encouraged as there is no requirement for individual criteria or units to be assessed separately (where more than one unit makes up a qualification).

Further guidance on assessment can be found in the [Centre Handbook](#) and the [Assessment Methods](#) publication. These provide guidance on the range of assessment methods available and the types of evidence appropriate for each.

Other guidance and sample documentation is available to recognised centres covering: planning assessment; recording achievement; planning; carrying out and documenting IQA.
