

Badger watch

Saturday 7th May 6.45 pm – 9.00 pm
in Wytham Woods with Nigel Fisher

We meet at the **main car park in Wytham Woods** (directions will be supplied), warmly dressed, with a seating mat and survival supplies, if it's chilly.

We **learn about badgers and their lifestyle** from Nigel, Oxford University Conservator of Wytham Woods; then head into the woods to **sit still above the sett with baited breath** for an hour or so.

Last year, one group saw lots of badgers and the other group..... just one!
