

Thank you for choosing Hill End for your DofE or camping trip!

A few things that Leaders need to know

Please make contact with the Hill End office at least 48 hours prior to your arrival to check your details: 01865 863510

Thank you in advance for your cooperation, helping us keep our site a great place to be outdoors, and for following the countryside code of conduct.

Campervans / Motorhomes

We do not allow campervans on site without prior permission from Hill End. We don't allow sleeping in cars.

Please make sure you enquire in advance as this may not always be permitted during busy times, and vehicles will be turned away if not booked in.

This restriction is due to our limited space – fire regulations demand a 3m clear space on each side (1.5 parking spaces), meaning 4 spaces are needed for each van!

Any campervans on site must be parked in our inner carpark, coned off to designate the 3m clear spaces, and with a Hill End campervan permit displayed in your vehicle.

No cooking or gas fires are permitted in the car park.

Dogs

No dogs are permitted on site (excluding registered assistance booked in advance), including in our inner and outer car parks. Any person bringing a dog to Hill End will be asked to remove it from site

Fire Register

Please ensure we have your hard-copy fire register list for those staying overnight – we will go through this you when you call

Toilets & Showers

When our site is busy we will need to allocate certain toilets and showers to your group. Please ensure your colleagues and students respect this system, and ask them to help keep the cubicles clean in-between use.

Fire-making

To ensure our grass stays beautiful, fires are only allowed in designated fire pits. If you would like to bring your own fire pits, please ask in advance. We don't allow foraging for wood.

Wytham Woods

If you plan to walk through Wytham Woods you must request permission from the University of Oxford in advance and to obtain gate codes. This is crucial for every visit, as they are sometimes closed for research or safety purposes. The woods are not Hill End property and we cannot provide codes to Leaders. Contact: wytham.woods@admin.ox.ac.uk.

Please remember to CLOSE ALL GATES behind you at all times.
